

Toddler Situations

Situation 1

TODDLER **A**

This is your third visit to the weekly Stay and Play session at the local centre. After feeling so alone with your young baby Arun at home, it's great to be able to chat to the other mums, especially when there's enough to keep Arun occupied.

Situation 1

TODDLER **B**

You are a Stay and Play worker. You are pleased Arun's mum has quickly made friends with others in the group. It's a shame she leaves Arun on the floor with some toys though and you want to discuss this with her.
